PLENARY SESSION

The Biological and Clinical Roles of Genetic Markers (Karen S. H. Antman)

SYMPOSIA

Genetic Basis for Tumor Cell Sensitivity to Radiation (John B. Little)
Recent Advances in Environmental Carcinogenesis (Kenneth Olden and Paul Kleihues)
Basic Science Approaches to Breast Cancer (Mina J. Bissell)
Programmed Cell Death (Stanley J. Korsmeyer)
Basic and Clinical Aspects of Prostate Cancer (Donald S. Coffey)
Tumor Suppressor Genes and Cell Cycle Control (Michael B. Kastan)
Retinoids and Cancer (Lorraine J. Gudas)
Solid Tumor Physiology and Therapeutic Approaches (Beverly A. Teicher)
Potential Applications of Advances in Cell and Molecular Biology to New Therapies for Lung Cancer (John D. Minna)
Hematological Malignancies: Biology and Therapy (Riccardo Dalla-Favera)
Hormonal Carcinogenesis: Epidemiological and Mechanistic Studies (Barbara S. Hulka and Joachim G. Liehr)
Cellular Signalling (Joseph Schlessinger)
Cell Adhesion in Invasion and Metastasis (David A. Cheresh)
New Approaches to Cancer Immunotherapy (Olivera J. Finn)
Genomic Imprinting and Its Role in Cancer (Andrew P. Feinberg)
AIDS-associated Malignancies (Alexandra M. Levine)
Topoisomerase I Inhibitors: Molecules to Medicine (Randall K. Johnson)
Integration of Cytokines and Radiation: Biological Basis and Preliminary Clinical Trials (Zvi Fuks)
Pharmacogenetics: Role of Drug Metabolism Polymorphisms in Cancer Chemotherapy (Frank J. Gonzalez)
Intermediate Endpoints in Cancer Prevention (Gary J. Kelloff)
Transcriptional Control of Cell Proliferation and Differentiation (Robert Eisenman)
Conducting Cancer Research Among Minority Populations in the United States (Jose Russo)
New Strategies for Immunological Intervention (Hans Schreiber and You Hui Zhang)
Mechanisms and Circumvention of Drug Resistance (Barton A. Kamen)
Nutrition and Cancer: Basic and Epidemiological Research (Walter C. Willett)
Novel Strategies in Chemical Prevention of Cancer (Paul Talalay)

MINORITY ISSUES SYMPOSIUM

Survival and Success in Cancer Research: Toward the Year 2000 (Sandra L. White)

WORKSHOPS

Confocal Microscopy and Quantitative Image Analysis (James P. Slattery)
Quantitative Genotyping and Phenotyping of Tumor Cells (Fredika M. Robertson and Joe W. Gray)

CONTROVERSIES

Bone Marrow Transplantation (Clara D. Bloomfield)
Is Multidrug Resistance an Important Factor in Therapeutic Outcome? (William T. Beck)
Dietary Fat and Cancer (Laurence N. Kolonel)

MEET-THE-EXPERT SUNRISE SESSIONS

To Be Announced

Further Information: AACR Office • Public Ledger Building • 620 Chestnut Street • Suite 816 • Philadelphia, PA 19106-3483
TELEPHONE (215) 440-9300 • FAX (215) 440-9313

Next Annual Meeting: March 19-22, 1995, Toronto, Ontario, Canada
Notice to Members of the American Association for Cancer Research
Officers for 1993–1994
President: Margaret L. Kripke, M.D. Anderson Cancer Center, Houston, TX 77030
President-Elect: Edward Bresnick, Dartmouth-Hitchcock Medical Center, Lebanon, NH 03756
Treasurer: Thomas J. King, Georgetown University Medical Center, Washington, DC 20007
Executive Director: Margaret Foti, AACR, Public Ledger Building, Suite 816, Philadelphia, PA 19106-3483

Annual Dues
The annual dues of active members of the American Association for Cancer Research are $150.00, $50.00 of which may be applied toward a subscription to Cancer Epidemiology, Biomarkers & Prevention. Corresponding members of the Association will be charged an appropriate fee to offset second-class postage costs. Payment of dues and changes of address of members of the Association should be sent promptly to Margaret Foti, Executive Director, American Association for Cancer Research, Public Ledger Building, 620 Chestnut Street, Suite 816, Philadelphia, PA 19106-3483; Telephone: (215)440-9300; FAX: (215)440-9313.

Back Issues and Single Copy Sales of the Journal
Copies of back stock of the journal may be ordered from Waverly, Inc. As long as supplies permit, single copies will be sold by this company at $12.50 per copy. Orders outside the U.S. add $1.50/copy to offset postage costs.

Advertisements
Advertisement insertion orders and copy must be received 60 days prior to the date of issue in which the advertisement is to be published. The journal is mailed on approximately the 10th day of the month of issue. Inquiries about advertising should be directed to: Elizabeth Mosko, Waverly, Inc., 428 E. Preston Street, Baltimore, MD 21202-3993. Telephone: (410)528-4005.

Copyright and Copyright Clearance Center
Authors who wish to publish in Cancer Epidemiology, Biomarkers & Prevention must formally transfer copyright to the proprietor of the journal, the American Association for Cancer Research, Inc. It is understood by this transfer that the authors relinquish all exclusive rights of copyright ownership, including the rights of reproduction, derivation, distribution, sale, and display.

Authors who prepare their articles as part of their official duties as employees of the U.S. Federal Government are not required to transfer copyright to the American Association for Cancer Research, Inc., since these articles are considered to be in the public domain. In the case of articles supported by federal grants or contracts, copyright transfer to the American Association for Cancer Research, Inc., is required. The federal government may retain a nonexclusive license to publish or republish such material.

The journal will routinely allow authors (or others with the permission of the authors) to include select parts of a copyrighted article in reviews, books, or subsequent papers, upon written request to the AACR Director of Publications. Requests to reproduce an article in its entirety will be considered on an individual basis and permission may be granted contingent upon payment of an appropriate copyright fee. All reproduction requests must include a brief description of intended use and a stamped, self-addressed envelope. Third parties should obtain the approval of the authors before corresponding with the AACR.

Copies of articles for which the American Association for Cancer Research, Inc. owns the copyright may be made for personal or internal use, provided that the copier pay the per-copy fee of $2.00 through the Copyright Clearance Center, Inc. This center is a nonprofit organization through which individuals and institutions may reimburse a copyright owner for photocopying journal articles beyond what is defined as "fair use" in Sections 107 and 108 of the Copyright Revision Act of 1978. Those who wish to photocopy articles may report the number of copies they have made, together with the fee code (ISSN 1055-9965) $02.00, to: Copyright Clearance Center, Inc., 22 Rosewood Drive, Danvers, MA 01923. Remittances may be sent to the Center at the time of reporting or the Center will bill the user on a monthly basis. Deposit accounts and prepayment plans may also be arranged.

No responsibility is accepted by the Editors, by the American Association for Cancer Research, Inc., by the American Society of Preventive Oncology, or by Cadmus Journal Services for the opinions expressed by contributors or for the content of the advertisements.

Cancer Epidemiology, Biomarkers & Prevention is indexed in Chemical Abstracts, Current Contents/JCM, Index Medicus, and MEDLINE. This journal is printed on acid-free paper.

Cancer Epidemiology, Biomarkers & Prevention (ISSN 1055-9965) is published eight times annually for $50 (for members of the American Association for Cancer Research) or for $85 (individual nonmembers) and $155 (institutional nonmembers) per year by the American Association for Cancer Research, Inc. Second-class postage paid at Baltimore, MD and additional mailing offices. POSTMASTER: Send address changes to Cancer Epidemiology, Biomarkers & Prevention, c/o Waverly, Inc., 428 East Preston Street, Baltimore, MD 21202-3993.
Cancer Epidemiology, Biomarkers & Prevention is published by the American Association for Cancer Research and the American Society of Preventive Oncology. It offers original research, editorials, reviews, meeting reports, and other types of content. The March issue includes abstracts from the ASPO meeting.

**SCOPE**

*Cancer Epidemiology, Biomarkers & Prevention* publishes original research on cancer causation and prevention in humans. The following topics are of special interest:

- Descriptive, analytic, biochemical, and molecular epidemiology
- The use of biomarkers to study the neoplastic and preneoplastic processes in humans
- Chemoprevention and other types of prevention trials
- The role of behavioral factors in cancer etiology and prevention

Particular attention is given to the identification of factors associated with various aspects of the carcinogenic process, including genetic susceptibility, host factors, infectious agents, chemical and physical carcinogens, environmental contaminants, dietary components, and behavioral factors such as tobacco use and sun exposure.

**INVITATION TO AUTHORS**

Significant, original research meeting the highest scientific standards is invited for submission.

For more information, contact Dr. Pelayo Correa, Editor-in-Chief (504) 529-2848, FAX (504) 529-2849.

- Rapid review process expedited by FAX transmission
- Prompt publication of accepted papers
- Indexed by Chemical Abstracts, Current Contents:CM, Index Medicus, and MEDLINE.

**ORDER TODAY!**

Volume 3, 1994 (8 issues)
ISSN 1055-9965

Rates in US:
- $155 Institutional
- $85 Individual
- Add $20 for delivery outside US

Canadians add 7% GST

Members, American Association for Cancer Research (AACR) and American Society of Preventive Oncology (ASPO): Contact your society for special rates.

CALL FOR ABSTRACTS

Fourth Research Workshop on the Biology, Prevention, and Treatment of Head and Neck Cancer

September 8-11, 1994
Hyatt Regency Crystal City
Arlington, Virginia

Abstract Deadline: March 1, 1994

For information and abstract form, telephone or fax,
We Plan Meetings, Inc., Ruth C. Enquist
1503 - 15th Street NE, Rochester, MN 55906
Tel: (507) 285-1523 Fax: (507) 281-8328

This Workshop is sponsored by the American Society for Head and Neck Surgery and the Society of Head and Neck Surgeons and is intended to be a multi-disciplinary international research forum stressing new research developments in all fields related to head and neck cancer. Participation from international researchers in both the basic and clinical sciences is encouraged.

Conference Coordinators:
Thomas E. Carey, PhD,
Ann Arbor, Michigan, and
Stimson P. Schantz, MD,
New York, New York.

OVARIAN CANCER
New Perspectives in Epidemiology, Diagnosis and Treatment

March 11-13, 1994
Sheraton San Marcos
Chandler, Arizona

Topics to be addressed: risk factors, genetics of breast/ovarian cancer gene, early diagnosis and treatment, pathology of early/advanced disease, management of pain, primate and human histology, and future research directions.

Chairs:
• Susan Harlap, M.D., Chief, Epidemiology Service,
Memorial Sloan-Kettering Cancer Center,
New York, New York
• Rodrigue Mortel, M.D., Professor and Chairman,
Department of Ob/Gyn, Hershey Medical Center,
Penn State University, Hershey, PA.

For further information regarding brochures and registration contact:

Leslie Nies, Serono Symposia, USA
100 Longwater Circle, Norwell, MA 02061
Tel: 800-283-8088 • Fax: 617-982-9481

THE SURGERY BRANCH, NATIONAL CANCER INSTITUTE, NIH, IS SEEKING PATIENTS FOR ONGOING CLINICAL TREATMENT PROGRAMS.

PATIENTS WITH THE FOLLOWING MALIGNANCIES ARE BEING TREATED UNDER COMBINED MODALITY OR INNOVATIVE IMMUNOTHERAPY PROGRAMS:

• Metastatic melanoma and kidney cancer

• Stage II or locally advanced breast cancer

• Metastatic colorectal cancer to the liver

• Locoregional gastric or pancreatic cancer

• Mesothelioma, pulmonary metastases, stage III A, B lung cancer or esophageal cancer

• Localized soft tissue sarcomas

• Peritoneal carcinomatosis

Care for all patients is provided at the Clinical Center, NIH, Bethesda, Maryland.
For more information on cancer programs, please call (301) 496-1533.
