Cancer Epidemiology
Biomarkers & Prevention

April/May 1995
Volume Four - Number Three
Pages 187-300
ISSN 1055-9965

An Official Journal of the
American Association for Cancer Research
Cosponsored by the
American Society of Preventive Oncology
OCTOBER 14-18, 1995
Cytokines and Cytokine Receptors
Chairperson: Steven Gillis, Seattle, WA
The Sagamore, Bolton Landing (Lake George), NY

NOVEMBER 5-9, 1995
Cancer: The Interface Between Basic and Applied Research
Chairpersons: Bert Vogelstein, Baltimore, MD;
Stephen H. Friend, Seattle, WA; John D. Minna, Dallas, TX
Stouffer Harborside Hotel, Baltimore, MD

NOVEMBER 17-21, 1995
Novel Strategies Against Resistant Cancers
Chairpersons: Victor Ling, Toronto, Ontario, Canada; Daniel D. Von Hoff, San Antonio, TX
Sanibel Harbour Resort & Spa, Ft. Myers, FL

DECEMBER 2-6, 1995
The Molecular Basis of Gene Transcription
Chairperson: Tom Curran, Nutley, NJ
Hotel Del Coronado, Coronado (San Diego), CA

JANUARY 17-20, 1996
Cancer and the Cell Cycle
Joint Meeting with the Swiss Institute for Experimental Cancer Research
Chairpersons: Edward E. Harlow, Charlestown, MA; Viesturs Simanis, Lausanne, Switzerland
Location to be Announced in Lausanne, Switzerland

FEBRUARY 19-25, 1996
Cancer Susceptibility Genes and Molecular Carcinogenesis
Chairpersons: Curtis C. Harris, Bethesda, MD;
Allan Balmain, Glasgow, Scotland; Kenneth Olden, Research Triangle Park, NC
Keystone Resort, Keystone, CO

MARCH 1-5, 1996
Proteases and Their Inhibitors in Cancer
Chairpersons: Lynn M. Matrisian, Nashville, TN;
Bonnie F. Sloane, Detroit, MI
Marriott's Bay Point Resort, Panama City Beach, FL

APRIL 20-24, 1996
87th Annual Meeting
Chairperson: Lorraine J. Gudas, New York, NY
Washington D.C. Convention Center, Washington, D.C.
Abstract Deadline: December 1, 1995

JUNE 1996
Inducible Genomic Responses
Chairpersons: William T. Beck, Memphis, TN;
John A. Hickman, Birmingham, England;
Richard I. Morimoto, Evanston, IL
Location to be Announced

OCTOBER 1996
Novel Approaches in Blood and Marrow Transplantation
Second Annual Meeting of the American Society for Blood and Marrow Transplantation
Chairpersons: Joseph R. Bertino, New York, NY;
Bruce R. Blazar, Minneapolis, MN
Location to be Announced

OCTOBER 1996
Carcinogenesis from Environmental Pollution: Assessment of Human Risks and Strategies for Prevention
Joint Meeting with International Agency for Research on Cancer
Chairpersons: Frederica Perera, New York, NY; Paul Kleihues, Lyon, France
Location to be Announced in Budapest, Hungary

OCTOBER 19-23, 1996
Programmed Cell Death
Chairperson: Stanley J. Korsmeyer, St. Louis, MO
The Sagamore, Bolton Landing (Lake George), NY

NOVEMBER 16-20, 1996
Disrupted Transcription Factors in Cancer
Chairpersons: Peter K. Vogt, La Jolla, CA; Frank J. Rauscher III, Philadelphia, PA
Hotel Del Coronado, San Diego, CA

AACR members will receive brochures on the above special conferences as soon as they are available. Nonmembers should call or write:

American Association for Cancer Research
Public Ledger Building, Suite 816
150 South Independence Mall West
Philadelphia, PA 19106-3483
215-440-9300 • 215-440-9313 (FAX)
Notice to Members of the American Association for Cancer Research

Officers for 1995–1996
President: Joseph R. Bertino, Memorial Sloan-Kettering Cancer Center, New York, NY 10021
President-Elect: Louise C. Strong, UT M. D. Anderson Cancer Center, Houston, TX 77030
Treasurer: Bayard D. Clarkson, Memorial Sloan-Kettering Cancer Center, New York, NY 10021
Executive Director: Margaret Foti, AACR, Public Ledger Bldg., Suite 816, Philadelphia, PA 19106-3483

Annual Dues
The annual dues of active members of the American Association for Cancer Research are $160, $50 of which may be applied toward a subscription to Cancer Epidemiology, Biomarkers & Prevention. Corresponding members of the Association will be charged an appropriate fee to offset second-class postage costs. Payment of dues and changes of address of members of the Association should be sent promptly to Margaret Foti, Executive Director, American Association for Cancer Research, Public Ledger Bldg., Suite 816, 150 South Independence Mall West, Philadelphia, PA 19106-3483; Telephone: (215)440-9300; FAX: (215)440-9313.

Submission of Manuscripts
Cancer Epidemiology, Biomarkers & Prevention publishes original research on cancer causation and prevention in humans, linking previously unintegrated disciplines: epidemiology, biomarkers, and prevention. Topics include descriptive, analytical, biochemical, and molecular epidemiology; the use of biomarkers to study the neoplastic and preneoplastic processes in humans; chemoprevention and other types of prevention trials; and the role of behavioral factors in cancer etiology and prevention. Manuscripts that address individual subjects in any of the three disciplines are welcome as well as manuscripts with an interdisciplinary approach. All submissions undergo peer review. Papers should be sent directly to Pelayo Correa, M. D., Editor-in-Chief, CEBP, Dept. of Pathology, Louisiana State University Medical Center, 1901 Perdido Street, New Orleans, LA 70112-1393. See Instructions for Authors (page i of this issue) for further information concerning submissions.

Back Issues and Single Copy Sales of the Journal
Copies of back stock of the journal may be ordered from Cancer Epidemiology, Biomarkers & Prevention, P. O. Box 3000, Denville, NJ 07834. Telephone: (800) 875-2997; FAX: (201) 627-5872. As long as supplies permit, single copies will be sold by this company at $12.50/copy. Orders outside the U.S. add $1.50/copy to offset postage costs.

Advertisements
Advertisement insertion orders and copy must be received five weeks prior to the date of issue in which the advertisement is to be published. The journal is mailed on approximately the 10th day of the month of issue. Inquiries about advertising should be directed to: M. J. Mrvica Associates, Inc., 155 South White Horse Pike, Berlin, NJ 08009. Telephone: (609) 768-9360; FAX: (609) 753-0064.

Copyright and Permissions
Authors who wish to publish in Cancer Epidemiology, Biomarkers & Prevention must formally transfer copyright to the proprietor of the journal, the American Association for Cancer Research, Inc. It is understood by this transfer that the authors relinquish all exclusive rights of copyright ownership, including the rights of reproduction, derivation, distribution, sale, and display.

Authors who prepared their articles as part of their official duties as employees of the U.S. Federal Government are not required to transfer copyright to the American Association for Cancer Research, Inc., since these articles are considered to be in the public domain. In the case of articles supported by federal grants or contracts, copyright transfer to the American Association for Cancer Research, Inc., is required. The federal government may retain a nonexclusive license to publish or republish such material. The Journal will routinely allow authors (or others with the permission of the authors) to include select parts of a copyrighted article in reviews, books, or subsequent papers, upon written request of the AACR Director of Publications. Requests to reproduce an article in its entirety will be considered on an individual basis and permission may be granted contingent upon payment of an appropriate copyright fee. All reproduction requests must include a brief description of intended use and a stamped, self-addressed envelope. Third parties should obtain the approval of the authors before corresponding with the AACR.

No responsibility is accepted by the Editors, by the American Association for Cancer Research, Inc., by the American Society of Preventive Oncology, or by Cadmus Journal Services for the opinions expressed by contributors or for the content of the advertisements.

Cancer Epidemiology, Biomarkers & Prevention is indexed in Chemical Abstracts, Current Contents/Clinical Medicine, MEDLINE, and the BIOSIS Previews® Database. This journal is printed on acid-free paper.

Cancer Epidemiology, Biomarkers & Prevention ISSN 1055-9965 is published eight times annually in Jan/Feb, March, April/May, June, July/August, September, Oct/Nov, & December by the American Association for Cancer Research, Inc., Public Ledger Bldg., Suite 816, 150 South Independence Mall West, Philadelphia, PA 19106-3483 for $50 annually for members, $85 for individual nonmembers, and $165 for institutional nonmembers. Second-class postage paid at Philadelphia, PA and additional mailing offices. POSTMASTER: Send address changes to Cancer Epidemiology, Biomarkers & Prevention, P. O. Box 3000, Denville, NJ 07834. Assistant Member/Research Assistant Professor to Research Associate Professor
Health Services Research Physician
Cancer Prevention Research Program, Fred Hutchinson Cancer Research Center
Department of Health Services, University of Washington, Seattle, Washington

Fred Hutchinson Cancer Research Center is seeking applications for a half-time health services research physician at the rank of Assistant to Associate member. Candidates should be eligible for a joint appointment at the rank of Research Assistant Professor to Research Associate Professor, depending on qualifications and experience, in the Department of Health Services at the University of Washington.

Candidates must be physicians eligible for licensure in Washington State, and must have an M.P.H. Emphasis is placed on prior experience working with randomized controlled trials in a multi-disciplinary setting. The applicant must demonstrate ability to recruit physicians to collaborative research trials, to provide physician education, and to intervene with physician offices. Desirable are experience in outcomes research, screening, and women’s health issues. Initial responsibility for the successful applicant will be that of clinical director of the Women’s Health Initiative Clinical Research Unit. Evidence of ability to obtain research funding is preferred.

Fred Hutchinson Cancer Research Center and the University of Washington are committed to building a culturally diverse faculty and strongly encourage applications from female and minority candidates. AA/EOE. Qualified applicants should submit a Curriculum Vitae and four letters of reference by May 10, 1995 to:

Maureen Henderson, M.D., D.P.H.
Chair, Search Committee
Cancer Prevention Research Program
Fred Hutchinson Cancer Research Center
1124 Columbia Street
Seattle, Washington 98104

CLINICAL EPIDEMIOLOGIST
FRED HUTCHINSON CANCER RESEARCH CENTER

Applications are invited for the position of Clinical Epidemiologist at the rank of Assistant to Associate Member (Professor) in the Division of Public Health Sciences. Responsibilities include leadership and participation in clinical and epidemiological aspects of the Women’s Health Initiative Clinical Coordinating Center activities. Expertise and experience in randomized clinical trial research and evidence of research ability is essential. Expertise and interest in interdisciplinary research, epidemiology, women’s health, and prevention research is highly desirable.

Candidates must have an M.D. degree and be board eligible or certified in Internal Medicine, and must qualify for appointments as Research Assistant or Research Associate Professor in the Department of Epidemiology and as Research Assistant or Research Associate Professor in the Department of Medicine, University of Washington.

Send letters of interest, curriculum vitae, and names of at least four references by May 1, 1995 to:

Dr. Ross L. Prentice, Director
Division of Public Health Sciences
Fred Hutchinson Cancer Research Center
1124 Columbia Street—MP-1002
Seattle, Washington 98104-2092

Fred Hutchinson Cancer Research Center and the University of Washington are equal opportunity-affirmative action employers. Both institutions are building culturally diverse faculty and strongly encourage applications from female and minority candidates.
FACULTY POSITION

Loyola University Cancer Center announces the availability of a faculty position for its Cancer Prevention and Control Program. Candidates may have either an M.D. or Ph.D., with training and/or appropriate experience in clinical prevention or in population-based research.

This will be a highly visible position within the Cancer Center. Academic appointment will be at the Assistant or Associate Professor level in the Department of Preventive Medicine and Epidemiology and/or another department, if appropriate. Current research activities are focused on nutrition and ethnic differences in cancer risk.

Applicants are requested to submit a C.V. and a statement of current interests to: Richard Cooper, M.D., Associate Director for Cancer Control and Prevention, Loyola University Cancer Center, 2160 S. First Ave., Maywood, IL 60153. An Equal Opportunity Employer/Educator.

LOYOLA UNIVERSITY CHICAGO

MEDICAL CENTER

The Stanley S. Scott Cancer Center
Louisiana State University
Medical Center

The Stanley S. Scott Cancer Center of Louisiana State University Medical Center seeks a geneticist with training in epidemiology and a primary research focus on the etiology of cancer. An academic appointment will be made at a level commensurate with past productivity and experience. Responsibilities will include the conduct of population studies focusing on molecular biological determinants of risk.

Requirements are:
1) a Ph.D. degree in genetics or an M.D. degree with equivalent research experience;
2) a minimum of 3 years experience in biologically oriented epidemiological cancer research; and
3) a publications record in peer-reviewed journals and demonstrated ability for significant research.

Submit a curriculum vitae to:

David V. Schapira, M.D., Director
Stanley S. Scott Cancer Center
2025 Gravier St., Suite 622
New Orleans, LA 70112

LSUMC is an AA/EEO opportunity employer.

Open Rank Faculty Position
Announcement -
Occupational and Environmental Exposure Assessment

University of Michigan - invites applications for an open rank, tenure-track faculty position in Occupational and Environmental Exposure Assessment. The primary appointment will be in the School of Public Health, Department of Environmental and Industrial Health and will be at a rank and salary commensurate with experience.

Desired candidates will hold either a Ph.D. in industrial hygiene, epidemiology, environmental health, molecular genetics or other relevant disciplines or an M.D. with experience in such disciplines. Candidates should have an active interest in innovative and interdisciplinary solutions to theoretical and applied problems in exposure assessment in environmental and occupational settings. Examples of areas of interest include the application of environmental and occupational exposure assessment to exposure-response modeling and risk estimation, and the integration of measures of target organ dose in exposure modeling.

Successful candidates will have a demonstrated ability to attract competitive external funding, to publish original research in the peer reviewed literature, and to teach at the graduate level including doctoral level students or medical students.

The University of Michigan actively encourages interest from women and minorities and is an Equal Opportunity/Affirmative Action Employer.

Letters of application, accompanied by a curriculum vitae, statement of research and teaching interest, and the names and addresses of three references should be sent to: Thomas Robins, M.D., M.P.H., Associate Professor, The University of Michigan School of Public Health, Department of Environmental and Industrial Health, 1420 Washington Heights, Ann Arbor, Michigan 48109-2029; e-mail: trobins@umich.edu; FAX: 313-763-8095.
