Research Articles

Excess of Rare Cancers in Werner Syndrome (Adult Progeria) 239
Makoto Goto, Robert W. Miller, Yuichi Ishikawa, and Haruo Sugano

Ethnic Variation in Prostate Cancer Survival in New Mexico 247
Frank D. Gilliland, William C. Hunt, and Charles R. Key

Temporal Patterns of Aflatoxin-Albumin Adducts in Hepatitis B Surface Antigen-positive and Antigen-negative Residents of Daxin, Qidong County, People’s Republic of China 253
Jia-Sheng Wang, Geng-Sun Qian, Audrey Zarba, Xia He, Yuan-Rong Zhu, Bao-Chu Zhang, Lisa Jacobson, Stephen J. Gange, Alvaro Muñoz, Thomas W. Kensler, and John D. Groopman

Effects of Dietary Supplementation of α-Tocopherol on Plasma Glutathione and DNA Repair Activities 263
Jennifer J. Hu, George C. Roush, Marianne Berwick, Neil Dubin, Somdat Mahabir, Monica Chandiramani, and Robert Boorstein

Human Papillomavirus DNA in Invasive Cervical Carcinomas and Its Association with Patient Survival: A Nested Case-Control Study 271
Eduardo Franco, Jean Bergeron, Luisa Villa, Maximilien Arella, Lesley Richardson, Jocelyne Arseneau, Gerald Stanimir

p53 Mutational Spectrum of Esophageal Carcinomas from Five Different Geographical Locales in China 277
Maria Li Lung, Wai Chi Chan, Yong Sheng Zong, Cecilia Man Ching Tang, Chiu Lun Fok, Koon Tai Wong, Lai King Chan, and Kwok Wai Lau

Familial and Nutritional Risk Factors for p53 Overexpression in Colorectal Cancer 285

Detection of Tyrosinase mRNA from the Blood of Melanoma Patients 293
Gerald Lester Stevens, William Douglas Scheer, and Edward A. Levine

Human Metallothionein Gene Expression Determined by Quantitative Reverse Transcription-Polymerase Chain Reaction as a Biomarker of Cadmium Exposure 297
Sabya Ganguly, Emanuela Taioli, Boguslaw Baranski, Beverly Cohen, Paolo Toniolo, and Seymour J. Garte

Review

The Practice of Causal Inference in Cancer Epidemiology 303
Douglas L. Weed and Lester S. Gorelic

Continued on Next Page
Short Communications

Recurrent Adenomatous Polyps and Body Mass Index
Amy L. Davidow, Alfred I. Neugut, Judith S. Jacobson, Habibul Ahsan, Gail C. Garbowsk,
Kenneth A. Forde, Michael R. Treat, and Jerome D. Waye

Regional Differences in the Incidence and Treatment of Carcinoma in Situ of the Breast
Won S. Choi, Barbara A. Parker, John P. Pierce, and E. Robert Greenberg
