SPECIAL LECTURES
Presidential Address: Louise C. Strong
Clowes Memorial Lecture: Stanley J. Kornmeyer
Burchenal Lecture: Ronald Levy
Rosenthal Foundation Lecture: Daniel D. Von Hoff
Rhoads Memorial Lecture: Tyler Jacks
Cain Memorial Lecture: Leroy Fong Liu
AACR American Cancer Society Lecture: Henry T. Lynch

PLENARY SESSION
Genetic Predisposition to Cancer (Louise C. Strong)

SYMPOSIA
Genes, Cell Proliferation, and Antineoplastic Drugs (George F. Vande Woude)
Diagnostic, Prognostic, and Therapeutic Aspects of Tumor Suppressor Genes (David Sidransky)
Cell Cycle Regulation (Peggy J. Farnham)
Breast Cancer Genes (Barbara L. Weber)
Metastasis, Invasion, and Angiogenesis: Mechanisms and Therapeutic Strategies (Marilyn M. Cornwell and Elise C. Kohn)
Novel Clinical Trials Based on Genetics and Molecular Therapeutics (Stephen H. Friend)
Apoptosis and Cancer Therapy (Michael B. Kastan)
Identification and Management of Genetic-High-Risk Individuals (Albert de la Chapelle)
Behavioral Research in Cancer Research and Control (Lucile L. Adams-Campbell and Raphael C. Guzman)
Demystifying the Role of Cytokines in Tumor Immunobiology: Status and Future Utility (Michael A. Caligiuri)
Telomerase and Clinical Applications (Titia de Lange)
Acute Myelocytic Leukemia (Clara Derber Bloomfield)
Prostate Cancer (Donald S. Coffey)
Colon Cancer (Margaret A. Tempero)
Signaling Pathways for Novel Therapeutics (Anthony J. Pawson)
Animal Models for Functional Analysis of Tumor Suppressor Genes (Terry A. Van Dyke)
New Techniques for Molecular Diagnostics (Eric S. Lander)
Mechanisms of Cellular Senescence (J. Carl Barrett)
Damage Response Pathways (Philip C. Hanawalt)
Gene Interactions with the Environment/Carcinogenesis (Allan Balmain)
Epidemiology and Pathogenesis of Secondary Cancers (Frederick P. Li)

CONTROVERSY SESSIONS
What Are the Appropriate Therapeutic Uses of Hematopoietic Growth Factors? (Peter J. Quesenberry)
Estrogen Replacement Therapy: Beneficial or Harmful? (Larry Norton)
What is the Value of Mammography in Young and Genetically Susceptible Women?
Is the Time Right for Cancer Chemoprevention? (Edward Bresnick)
What is the Role of Prophylactic Surgery in Breast and Ovarian Cancer? (Samuel A. Wells, Jr.)

“MEET-THE-EXPERT” SUNRISE SESSIONS
Gene Therapy (Jack A. Roth)
Strategies for Drug Development (Daniel D. Von Hoff)
Advances in Our Molecular Understanding of Lymphoproliferative Disease (A. Thomas Look)
FHIT Gene Alterations in Cancer (Kay Huebner)
Cancer Vaccines (David P. Carbone)
Apoptosis
How to Get Your New Idea Into the Clinic--Experiences with Antiangiogenesis Agents (Elise C. Kohn)
GP130 Family of Receptors (Tadamitsu Kishimoto)
New Approaches to Overcoming Multidrug Resistance (Alan F. List)
Advances in Oncologic Imaging (Michael J. Welch)
Retinoids and Cancer Chemoprevention (Waun Ki Hong)
Mechanisms of Regulation of p53 Function (Guillermina Lozano)
p53 and Genetic Instability (Geoffrey Wahl)
Farnesyl Transferase Inhibitors (Allen I. Oliff)
Human Cancer Genetics Travels to Cyberspace (Kenneth H. Buetow)
DNA Methylation in Cancer (Stephen B. Baylin)
Chemoprevention in Transgenic Animals (James M. Phang)
Advances in Stem Cell Transplantation (Elizabeth J. Shpall)
Advances in the Management of AIDS-related Malignancies (Ellen G. Feigal)
Ovarian Cancer Update (Robert C. Bast, Jr.)
The Biological Basis of the New International Classification of Lymphoma (Elaine S. Jaffe)
Recent Developments in Radiotherapy (Ralph R. Weichselbaum)
Colon Cancer Genes (Stanley R. Hamilton)
Extracellular Connections (Mina J. Bissell)
Barrett’s Esophageal Cancer and Tumor Progression Models (Brian J. Reid)
H. Pylori and Gastric Carcinogenesis (Pelayo Correa)
Transcriptional Models and Drug Discovery (William G. Kaelin)

METHODS WORKSHOPS AND EDUCATIONAL SESSIONS
To be announced

Notice to Members of the American Association for Cancer Research

Officers for 1996–1997
President: Louise C. Strong, UT M. D. Anderson Cancer Center, Houston, TX 77030
President-Elect: Donald S. Coffey, Johns Hopkins University School of Medicine, Baltimore MD 21287-2101
Treasurer: Bayard D. Clarkson, Memorial Sloan-Kettering Cancer Center, New York, NY 10021
Executive Director: Margaret Foti, AACR, Public Ledger Bldg., Suite 816, Philadelphia, PA 19106-3483

Annual Dues
The annual dues of active members of the American Association for Cancer Research are $175, $55 of which may be applied toward a subscription to Cancer Epidemiology, Biomarkers & Prevention. Corresponding members of the Association will be charged an appropriate fee to offset periodicals postage costs. Payment of dues and changes of address of members of the Association should be sent promptly to Margaret Foti, Executive Director, American Association for Cancer Research, Public Ledger Bldg., Suite 816, 150 South Independence Mall West, Philadelphia, PA 19106-3483; Telephone: (215) 440-9300; FAX: (215) 440-9313.

Submission of Manuscripts
Cancer Epidemiology, Biomarkers & Prevention publishes original research on cancer causation and prevention in humans, linking three previously unintegrated disciplines: epidemiology, biomarkers, and prevention. Topics include descriptive, analytical, biochemical, and molecular epidemiology; the use of biomarkers to study the neoplastic and preneoplastic processes in humans; chemoprevention and other types of prevention trials; and the role of behavioral factors in cancer etiology and prevention. Manuscripts that address individual subjects in any of the three disciplines are welcome as well as manuscripts with an interdisciplinary approach. All submissions undergo peer review. Papers should be sent directly to Pelayo Correa, M. D., Editor-in-Chief, CEBP, Dept. of Pathology, Louisiana State University Medical Center, 1901 Perdido Street, New Orleans, LA 70112-1393. See Instructions for Authors (page i of this issue) for further information concerning submissions.

Back Issues and Single Copy Sales of the Journal
Copies of back stock of the journal may be ordered from Cancer Epidemiology, Biomarkers & Prevention, P. O. Box 3000, Denville, NJ 07834 [Telephone: (800) 875-2997 or (201) 627-2427; FAX: (201) 627-5872]. As long as supplies permit, single copies will be sold by this company at $25.00/copy. Orders outside the U.S. add $3.00/copy to offset postage costs.

Advertisements
Advertisement insertion orders and copy must be received one month prior to the date of issue in which the advertisement is to be published. The journal is mailed by approximately the 7th day of the month of the issue. Inquiries about advertising should be directed to: M. J. Mrvica Associates, Inc., 155 South White Horse Pike, Berlin, NJ 08009 [Telephone: (609) 768-9360; FAX: (609) 753-0064].

Copyright and Permissions
Authors who wish to publish in Cancer Epidemiology, Biomarkers & Prevention must formally transfer copyright to the proprietor of the journal, the American Association for Cancer Research, Inc. It is understood by this transfer that the authors relinquish all exclusive rights of copyright ownership, including without limitation rights of reproduction, derivation, distribution, sale, and display of the work, in whole or in part, in any and all forms of media now or hereafter known. Authors who prepare their articles as part of their official duties as employees of the U.S. Federal Government are not required to transfer copyright to the American Association for Cancer Research, Inc., since these articles are considered to be in the public domain. In the case of articles supported by federal grants or contracts, copyright transfer to the American Association for Cancer Research, Inc., is required. The federal government may retain a nonexclusive license to publish or republish such material.

The Journal will routinely allow authors (or others with the permission of the authors) to include select parts of a copyrighted article in reviews, books, or subsequent papers, upon written request to the AACR Director of Publications. Requests to reproduce an article in its entirety will be considered on an individual basis and permission may be granted contingent upon payment of an appropriate copyright fee. All reproduction requests must include a brief description of intended use and a stamped, self-addressed envelope. Third parties should obtain the approval of the authors before corresponding with the AACR.

Those who wish to photocopy articles should contact the AACR Publications Department [Telephone: (215) 440-9300; FAX: (215) 440-9355].

No responsibility is accepted by the Editors, by the American Association for Cancer Research, Inc., by the American Society of Preventive Oncology, or by Cadmus Journal Services for the opinions expressed by contributors or for the content of the advertisements.

Cancer Epidemiology, Biomarkers & Prevention is indexed in Chemical Abstracts, Current Contents/CM®, Index Medicus, MEDLINE, and the BIOSIS Previews® Database. This journal is printed on acid-free paper.

Cancer Epidemiology, Biomarkers & Prevention (ISSN 1055-9965) is published monthly by the American Association for Cancer Research, Inc., Public Ledger Bldg., Suite 816, 150 South Independence Mall West, Philadelphia, PA 19106-3483 for $55 annually for members, $95 for individual nonmembers, and $245 for institutional nonmembers. Periodicals postage paid at Philadelphia, PA and additional mailing offices. POSTMASTER: Send address changes to Cancer Epidemiology, Biomarkers & Prevention, P. O. Box 3000, Denville, NJ 07834. CANCER RESEARCH CENTER
UNIVERSITY OF HAWAI‘I
Prevention and Control Program

Tenure Track Assistant Professor (Assistant Researcher)

The University of Hawai‘i, Cancer Research Center of Hawai‘i seeks a clinically-oriented scientist to develop independent research and collaborations with other scientists at the Center, and with community health professionals. Other academic responsibilities include contributing to the University’s teaching mission and providing service to the University, community, and profession. The mission of the Prevention and Control Program is to conduct research and training to reduce morbidity and mortality due to cancer, with a special focus on Hawai‘i.

Applicants should have a record of accomplishment in research and teaching related to cancer control. Minimum requirements include a MD, PhD or equivalent in a clinically related field, research as a primary career interest, and appropriate post-doctoral experience. Evidence of excellent communication skills and ability to work productively with community-based health professionals is also required. It is anticipated that the successful candidate will also hold a teaching appointment in an appropriate University department. Salary will be commensurate with experience.

Interested applicants should send a curriculum vitae, a letter addressing their qualifications for the position, and a list of three persons who can provide references to Chair, Prevention and Control, Assistant Professor Search Committee, Cancer Research Center of Hawai‘i, 1236 Lauhala Street, Honolulu, Hawai‘i 96813; telephone (808) 586-2975.

Review of applications will begin immediately and will continue until the position is filled. The University of Hawai‘i is an Equal Opportunity/Affirmative Action Institution and encourages applications from women and minority candidates.

LATE-BREAKING RESEARCH SESSION
AT THE AACR ANNUAL MEETING
Tuesday, April 15, 1997

Time has been set aside for the presentation of 4-5 definitive reports of highly significant and timely findings in the field. Criteria for the selection of these presentations and instructions for submission of abstracts are as follows:

INSTRUCTIONS FOR SUBMISSION OF LATE-BREAKING ABSTRACTS

1. The work to be presented must be of major novelty and significance, e.g., the characterization of a new gene in familial cancer or the discovery of a new diagnostic marker, and should not have been previously published in a peer-reviewed scientific journal or presented at a national meeting.

2. The abstract must be sponsored by an AACR member in good standing (dues paid for 1997).

3. Each member in good standing may sponsor only one abstract for this session whether or not he or she sponsored an abstract last November for the regular annual meeting program. If an associate member is the sponsor, the abstract must also be endorsed by an active or corresponding member in good standing. In this case, the endorser does not forfeit the opportunity to sponsor a late-breaking abstract.

4. Abstracts must be typed on one side of one sheet of white paper.

5. All text on the page must fit within an area 6 1/2" wide and 9" high (16.5 cm X 22.9 cm) with margins of at least 1" (2.5 cm) on the top, bottom, and sides of the page.

6. Each abstract must be accompanied by a covering letter from the sponsor explaining why the work is novel and significant enough to be considered for this late-breaking research session and certifying that the findings became available after the annual meeting abstract deadline of November 12, 1996. This letter must contain the sponsor's complete mailing address, FAX number, and E-mail address (if available) so that we can communicate the scheduling decision of the Program Committee.

7. Abstracts and covering letters must be received in the AACR Office by 5:00 p.m. Eastern Time on March 7, 1997. FAX transmissions are not acceptable. Carrying envelopes should be clearly marked "Late-Breaking Abstract," and should be addressed to American Association for Cancer Research, Public Ledger Building, Suite 816, 150 South Independence Mall West, Philadelphia, PA 19106-3483. If you wish to receive acknowledgment of receipt of your abstract, enclose a self-addressed post card with appropriate postage affixed. Accepted abstracts will not be published since they will be received after the Proceedings of the American Association for Cancer Research has been printed; however, they will be distributed at the session in San Diego.

8. A special subcommittee of the Program Committee appointed by President Louise C. Strong will select the papers to be presented. Presenters of accepted papers will be notified via FAX no later than March 24, 1997.
