Three Outstanding Training Opportunities
Supported by Major Grants from the National Cancer Institute
Primarily for Postdoctoral and Oncology Fellows

Waiver of Registration Fees and Subsidy of Lodging and Subsistence Expenses for Qualified Fellows

Molecular Biology in Clinical Oncology
A thorough overview of concepts in molecular biology designed for clinical oncologists in training

July 3-9, 1998, The Given Biomedical Institute, Aspen, CO
Michael B. Kastan, L. Michael Glodé, and Jennifer A. Pietenpol, Organizers

• Lectures by leading experts on molecular biology concepts and the latest developments in molecular oncology
• Small group laboratory sessions to demonstrate the important experimental techniques utilized in molecular biology
• Career development session and scheduled networking opportunities

Molecular Biology and Pathology of Neoplasia
(formerly entitled Histopathobiology of Neoplasia)
The Edward A. Smuckler Memorial Workshop
Intensive training in the molecular biology and morphology of human cancer for graduate students and postdoctoral fellows contemplating careers in basic cancer research

Frederick M. Waldman, Course Director

• Twenty-eight hours of hands-on laboratory exercises directed by distinguished pathologists
• An outstanding series of lectures on rapidly developing areas of cancer research by laboratory directors and other prominent investigators
• Poster presentations by students and faculty to facilitate further scientific exchange

Methods in Clinical Cancer Research
Co-Sponsored by the American Society of Clinical Oncology (ASCO)
The essentials of clinical trials design for researchers at the level of fellow or junior faculty

Daniel D. Von Hoff and Charles A. Coltman, Jr., Chairpersons

• A series of lectures by leaders in the field covering all elements of clinical trials design
• Small group discussion sessions on important techniques in clinical research
• Development of a clinical trial protocol by all participants with detailed critiques by faculty members

AACR members will receive brochures for all three workshops as soon as they are available. (The Clinical Methods Workshop brochure is also mailed to all ASCO members.) All others should submit requests to:

American Association for Cancer Research ● Public Ledger Building, Suite 826 ● 150 S. Independence Mall West Philadelphia, PA 19106-3483 ● Telephone: (215) 440-9300 ● FAX: (215) 440-9313 ● E-mail: meetings@aacr.org

Cancer Epidemiology, Biomarkers & Prevention is published monthly, one volume annually, by the American Association for Cancer Research Inc. (AACR). Except for members of the AACR, all subscriptions are payable in advance to AACR, Subscription Office, P. O. Box 11806, Birmingham, AL 35202 (Telephone: (800) 633-4933 or (205) 995-1567; FAX: (205) 995-1588), to which all business communications, remittances (in United States currency or its equivalent), and subscription orders should be sent. In Japan, send orders and inquiries to (sole agent): USACO Corporation, Tsutsuami Bldg., 13-12, Shimbashi 1-chome, Minato-ku, Tokyo 105, Japan; Tel. (03) 502-6471. Nonmembers of the AACR within the United States may subscribe to Volume 7 (1998) of Cancer Epidemiology, Biomarkers & Prevention at the rate of $110 (individual nonmembers) or $285 (institutional nonmembers), including postage. Individual and institutional nonmembers outside of the United States should add $40 to their respective rates to offset periodicals postage costs, which covers the cost of shipping journals by surface mail. (For faster delivery, expedited mailing rates are available by contacting the AACR Publications Department). Canadian subscribers should add 7% GST. Changes of address notification should be sent 60 days in advance and include both old and new addresses. Member subscribers should send address changes to: Member Services, AACR, Public Ledger Bldg., Suite 826, 150 South Independence Mall West, Philadelphia, PA 19106-3483. Nonmember subscribers should send changes of address to: AACR Subscription Office, P. O. Box 11806, Birmingham, AL 35202. Copies of the journal which are undeliverable because of address changes will be destroyed. Accelerated mailing of all AACR journals to AACR members in Japan is supported by a generous grant from the Banyu Pharmaceutical Company, Tokyo, Japan.
Notice to Members of the American Association for Cancer Research (AACR)
Officers for 1998–1999
President: Webster K. Cavenee, Ludwig Institute for Cancer Research, La Jolla, CA 92033-0660
President-Elect: Daniel D. Von Hoff, Institute for Drug Development, San Antonio, TX 78245
Treasurer: Bayard D. Clarkson, Memorial Sloan-Kettering Cancer Center, New York, NY 10021
Executive Director: Margaret Foti, AACR, Public Ledger Bldg., Suite 826, Philadelphia, PA 19106-3483

Annual Dues
The annual dues of active members of the AACR are $175, $55 of which may be applied toward a subscription to Cancer Epidemiology, Biomarkers & Prevention. Corresponding members of the Association will be charged an appropriate fee to offset periodicals postage costs. Payment of dues and changes of address of members of the Association should be sent promptly to Margaret Foti, Executive Director, AACR, Public Ledger Bldg., Suite 826, 150 South Independence Mall West, Philadelphia, PA 19106-3483; Telephone: (215) 440-9300; FAX: (215) 440-9313.

Submission of Manuscripts
Cancer Epidemiology, Biomarkers & Prevention publishes original research on cancer causation and prevention in humans, linking three previously unlinked disciplines: epidemiology, biomarkers, and prevention. Topics include descriptive, analytical, biochemical, and molecular epidemiology; the use of biomarkers to study the neoplastic and preneoplastic processes in humans; chemoprevention and other types of prevention trials; and the role of behavioral factors in cancer etiology and prevention. Manuscripts that address individual subjects in any of the three disciplines are welcome as well as manuscripts with an interdisciplinary approach. All submissions undergo peer review. Papers should be sent to: Cancer Epidemiology, Biomarkers & Prevention, AACR Publications Department, Public Ledger Building, Suite 826, 150 South Independence Mall West, Philadelphia, PA 19106-3483. See Instructions for Authors (page i of this issue) for further information concerning submissions.

Back Issues and Single Copy Sales of the Journal
Copies of back stock of the journal may be ordered from AACR Subscription Office, P. O. Box 11806, Birmingham, AL 35202 [Telephone: (800) 633-4931 or (205) 995-1567; FAX: (205) 995-1588]. As long as supplies permit, single copies will be sold by this company at $25.00/copy. Orders outside the U.S. add $3.00/copy to offset postage costs.

Advertisements
Advertisement insertion orders and copy must be received one month prior to the date of issue in which the advertisement is to be published. The journal is mailed by approximately the 7th day of the month of issue. Inquiries about advertising should be directed to: M. J. Mrvica Associates, Inc., 2 West Taunton Avenue, Berlin, NJ 08009 [Telephone: (609) 768-9360; FAX: (609) 753-0064].

Copyright and Permissions
Authors who wish to publish in Cancer Epidemiology, Biomarkers & Prevention must formally transfer copyright to the proprietor of the journal, the AACR, Inc. It is understood by this transfer that the authors relinquish all exclusive rights of copyright ownership, including without limitation rights of reproduction, derivation, distribution, sale, and display of the work, in whole or in part, in any and all forms of media now or hereafter known.
Authors who prepared their articles as part of their official duties as employees of the U.S. Federal Government are not required to transfer copyright to the AACR, Inc., since these articles are considered to be in the public domain. In the case of articles supported by federal grants or contracts, copyright transfer to the AACR, Inc., is required. The federal government may retain a nonexclusive license to publish or republish such material.
The Journal will routinely allow authors (or others with the permission of the authors) to include select parts of a copyrighted article in reviews, books, or subsequent papers, upon written request to the AACR Director of Publications. Requests to reproduce an article in its entirety will be considered on an individual basis and permission may be granted contingent upon payment of an appropriate copyright fee. All reproduction requests must include a brief description of intended use and a stamped, self-addressed envelope. Third parties should obtain the approval of the authors before corresponding with the AACR.
Those who wish to photocopy articles should contact the AACR Publications Department [Telephone: (215) 440-9300; FAX: (215) 440-9355].

No responsibility is accepted by the Editors, by the AACR, Inc., by the American Society of Preventive Oncology, or by Cadmus Journal Services for the opinions expressed by contributors or for the content of the advertisements.

Cancer Epidemiology, Biomarkers & Prevention is indexed in Chemical Abstracts, Current Contents/CM®, Index Medicus, MEDLINE, and the BIOSIS Previews® Database. This journal is printed on acid-free paper.

Cancer Epidemiology, Biomarkers & Prevention (ISSN 1055-9965) is published monthly by the American Association for Cancer Research, Inc., Public Ledger Bldg., Suite 826, 150 South Independence Mall West, Philadelphia, PA 19106-3483 for $55 annually for members, $110 for individual nonmembers, and $285 for institutional nonmembers. Periodicals postage paid at Philadelphia, PA and additional mailing offices. POSTMASTER: Send address changes to AACR Subscription Office, P. O. Box 11806, Birmingham, AL 35202. CANCER EPIDEMIOLOGY AND PREVENTION and CANCER GENETIC EPIDEMIOLOGY

The Departments of Public Health Sciences, Cancer Biology, and the Comprehensive Cancer Center of Wake Forest University invite applications for faculty positions in cancer epidemiology, cancer prevention, and cancer genetic epidemiology at the rank of Assistant, Associate or Full Professor. Candidates should have the Ph.D. and/or M.D. Associate or Full Professors who have a record of distinction have the opportunity to establish a faculty research team. Level of appointment and salary will be commensurate with qualifications and experience. Start dates are on or after July 1, 1998.

Applicants should provide a Curriculum Vitae, description of ongoing/planned research (including present and pending research support), and names and addresses of three references to:

Dr. Stephen S. Rich, Chair, Search Committee, Comprehensive Cancer Center of Wake Forest University, Wake Forest University School of Medicine, Medical Center Boulevard, Winston-Salem, NC 27157-1063.

Applications will be accepted until the position is filled. AA/EEO.

AMERICAN ASSOCIATION FOR CANCER RESEARCH

The American Association for Cancer Research (AACR) is a professional society of over 11,000 scientists and physicians involved in all aspects of basic, clinical, and translational cancer research. Members of the AACR enjoy

• subscriptions to Cancer Research, Cell Growth & Differentiation (CG&D), Cancer Epidemiology, Biomarkers & Prevention, and Clinical Cancer Research at reduced member rates
• reduced registration rates at the AACR Annual Meeting, Special Conferences, and International Meetings
• Employment Register, Directory of Members, public education activities, and many other benefits

Special programs to provide enhanced career development opportunities for minority scientists include

• Session on Career Development at Annual Meeting
• Mentorship Program
• Travel Awards to Scientific Meetings

American Association for Cancer Research
Public Ledger Building, Suite 826
150 S. Independence Mall West
Philadelphia, PA 19106-3483
Telephone: (215) 440-9300
FAX: (215) 440-9313

Cancer Epidemiologist

A tenure track position is available immediately in the Division of Cancer Epidemiology and Genetics, National Cancer Institute (NCI), National Institutes of Health (NIH), for a scientist interested in epidemiologic research with expertise and experience in molecular epidemiology. Candidates should have a doctorate in epidemiology or public health, or an MD/DVM with at least a master’s degree in epidemiology. S/he should have demonstrated experience and advanced understanding of epidemiological methods. Experience in the design, conduct, and analysis of epidemiological studies is also required. Candidates should have a strong understanding of molecular biological processes and should have demonstrable experience in epidemiological studies with large biospecimen collections. Prior knowledge and experience in the study of female tumors are highly desirable. The successful candidate will develop an independent research program focused on assessing complex interrelationships of endogenous and exogenous factors in multi-stage carcinogenesis. The current aim is to develop an independent program in the molecular epidemiologic study of breast, ovarian or endometrial cancers. Interested individuals should send a cover letter, curriculum vitae, brief summary of research interests and experience, copies of selected publications, and three letters of reference to: Ms. Mary Kaczaniuk, Administrative Officer, Division of Cancer Epidemiology and Genetics, National Cancer Institute, Executive Plaza North, Room 539, Bethesda, MD 20892-7374.

The closing date for applications is May 15, 1998. NIH is an Equal Opportunity Employer.
ASSOCIATE DIRECTOR
BEHAVIORAL RESEARCH PROGRAM
DIVISION OF CANCER CONTROL AND POPULATION SCIENCES
ROCKVILLE, MARYLAND

Opening Date: March 9, 1998
Closing Date: April 10, 1998
Announcement Number: CA-98-2105

The Division of Cancer Control and Population Sciences, National Cancer Institute, is seeking an innovative, visionary senior scientist who possesses extensive experience in conducting multidisciplinary behavioral research. It is preferable that the candidate have a track record in cancer control research. Candidates should be recognized as national experts in the field of behavioral research with demonstrated ability to manage a large and diverse multidisciplinary program.

The Behavioral Research Program (BRP) is one of the three major programs within the Division of Cancer Control and Population Sciences. This extramural research program is the focus for planning, directing, and coordinating NCI-wide activities in behavioral research. The Associate Director of the BRP will be the chief spokesperson for behavioral research both within the NCI and in communicating with diverse groups and individuals outside the NCI. The Associate Director of the BRP is responsible for planning, directing, and managing programs of research in cancer control, including efforts to modify tobacco use, improve dietary and exercise practices, and increase appropriate use of screening. Other responsibilities include developing, implementing, and coordinating basic biobehavioral and health communications research programs. The BRP is comprised of several branches which emphasize research on applied demographics, cancer screening, tobacco control, diet and physical activity, and health risk communications. Research areas will range from basic biobehavioral research to large-scale community-based trials. These activities are implemented through extramural grants, contracts, cooperative agreements, collaborative projects and other National Cancer Program components.

SALARY/BENEFITS

Senior Executive Service Appointment—Maximum compensation of $151,800 is allowable. (The annual basic SES salary ranges from $99,200 to $118,400. A one-time, lump-sum recruitment bonus of up to 25% of basic salary may be paid. In addition, a Physician Comparability Allowance of up to $20,000 may be paid if applicable. Future compensation may also include an annual retention allowance up to 25% of basic salary. Total compensation, however, may not exceed the maximum payable amount of $151,800).

Other Appointment Mechanisms and Incentives—May apply in individual circumstances based on experience and expertise with total salary and incentive compensation to be negotiated.

Benefits—Health and life insurance options, retirement, savings plans, paid holidays, and vacation and sick leave.

Applications will be accepted from all qualified persons, including PHS Commissioned Corps Officers and individuals with SES reinstatement eligibility. The individual selected, if not presently in the SES, must serve a one-year probationary period.

Applicants must meet the qualifications requirements. Applicants will also be evaluated on the degree to which they possess the additional desirable qualifications. A copy of the requirements may be obtained by contacting Ms. Toni McKeown in the Human Resources Management and Consulting Branch, NCI at (301) 402-2812.

Applications/resumes are to be sent to the above individual at:
National Cancer Institute (2105)
Human Resources Management and Consulting Branch
6120 Executive Boulevard
EPS/Room 550
Rockville, Maryland 20852-7211

A current curriculum vitae and bibliography must accompany all applications/resumes. All applicants will receive consideration without regard to race, color, gender, national origin, age, religion, disability or sexual orientation.

NIH IS AN EQUAL OPPORTUNITY EMPLOYER
