The way to silence a killer is to make some noise.

Cancer kills more than 1,500 people every day. And it is the leading cause of death by disease in our children. Yet, for every ten dollars in taxes the government collects, it spends only one penny on cancer research. We can do better. For the more than eight million Americans now living with cancer - and for the millions more at risk - we must do better. THE MARCH is a momentous event uniting people in Washington, DC, and in communities across the nation. We are coming together to make cancer the nation's #1 research priority. We are raising our voices to say No more... No more suffering... No more excuses... No more cancer. Please join us.

THE SIDNEY KIMMEL FOUNDATION for CANCER RESEARCH

The AACR is a proud supporter of The March. For information about AACR members’ March-related activities, please call the AACR Office at (215) 440-9300.

Cancer Epidemiology, Biomarkers & Prevention is published monthly, one volume annually, by the American Association for Cancer Research, Inc. (AACR). Except for members of the AACR, all subscriptions are payable in advance to AACR, Subscription Office, P.O. Box 11806, Birmingham, AL 35202 [Telephone: (800) 633-4931 or (205) 995-1567; FAX: (205) 995-1588], to which all business communications, remittances (in United States currency or its equivalent), and subscription orders should be sent. In Japan, send orders and inquiries to (sole agent): USACO Corporation, Tsutsuki Bldg., 13-12, Shimbashi 1-chome, Minato-ku, Tokyo 105, Japan; Tel. (03) 902-4711. Nonmembers of the AACR within the United States may subscribe to Volume 7 (1998) of Cancer Epidemiology, Biomarkers & Prevention at the rate of $110 (individual nonmembers) or $285 (institutional nonmembers), including postage. Institutional and individual nonmembers outside of the United States should add $40 to their respective rates to offset periodicals postage costs, which covers the cost of shipping journals by surface mail. (For faster delivery, expedited mailing rates are available by contacting the AACR Publications Department). Canadian subscribers should add 7% GST. Changes of address notification should be sent 60 days in advance and include both old and new addresses. Member subscribers should send address changes to: Membership Services, AACR, Public Ledger Bldg., Suite 826, 150 South Independence Mall West, Philadelphia, PA 19106-3483. Nonmember subscribers should send changes of address to: AACR Subscription Office, P.O. Box 11806, Birmingham, AL 35202. Copies of the journal which are undeliverable because of address changes will be destroyed. Accelerated mailing of all AACR journals to AACR members in Japan is supported by a generous grant from the Banyu Pharmaceutical Company, Tsukuba, Japan.
Notice to Members of the American Association for Cancer Research (AACR)

Officers for 1998-1999

President: Webster K. Cavenee, Ludwig Institute for Cancer Research, La Jolla, CA 92032-0660

President-Elect: Daniel D. Von Hoff, Institute for Drug Development, San Antonio, TX 78245

Treasurer: Bayard D. Clarkson, Memorial Sloan-Kettering Cancer Center, New York, NY 10021

Executive Director: Margaret Foti, AACR, Public Ledger Bldg., Suite 826, Philadelphia, PA 19106-3483

Annual Dues

The annual dues of active members of the AACR are $175, $55 of which may be applied toward a subscription to Cancer Epidemiology, Biomarkers & Prevention. Corresponding members of the Association will be charged an appropriate fee to offset periodicals postage costs. Payment of dues and changes of address of members of the Association should be sent promptly to Margaret Foti, Executive Director, AACR, Public Ledger Bldg., Suite 826, 150 South Independence Mall West, Philadelphia, PA 19106-3483; Telephone: (215) 440-9300; FAX: (215) 440-9313.

Submission of Manuscripts

Cancer Epidemiology, Biomarkers & Prevention publishes original research on cancer causation and prevention in humans, linking three previously unIntegrated disciplines: epidemiology, biomarkers, and prevention. Topics include descriptive, analytical, biochemical, and molecular epidemiology; the use of biomarkers to study the neoplastic and preneoplastic processes in humans; chemoprevention and other types of prevention trials; and the role of behavioral factors in cancer etiology and prevention. Manuscripts that address individual subjects in any of the three disciplines are welcome as well as manuscripts with an interdisciplinary approach. All submissions undergo peer review. Papers should be sent to: Cancer Epidemiology, Biomarkers & Prevention, AACR Publications Department, Public Ledger Building, Suite 826, 150 South Independence Mall West, Philadelphia, PA 19106-3483. See Instructions for Authors (page i of this issue) for further information concerning submissions.

Back Issues and Single Copy Sales of the Journal

Copies of back stock of the journal may be ordered from AACR Subscription Office, P. O. Box 11806, Birmingham, AL 35202 [Telephone: (800) 633-4931 or (205) 995-1567; FAX: (205) 995-1588]. As long as supplies permit, single copies will be sold by this company at $25.00/copy. Orders outside the U.S. add $3.00/copy to offset postage costs.

Advertisements

Advertisement insertion orders and copy must be received one month prior to the date of issue in which the advertisement is to be published. The journal is mailed by approximately the 7th day of the month of issue. Inquiries about advertising should be directed to: M. J. Mrvica Associates, Inc., 2 West Taunton Avenue, Berlin, NJ 08009 [Telephone: (609) 768-9360; FAX: (609) 753-0064].

Copyright and Permissions

Authors who wish to publish in Cancer Epidemiology, Biomarkers & Prevention must formally transfer copyright to the proprietor of the journal, the AACR, Inc. It is understood by this transfer that the authors relinquish all exclusive rights of copyright ownership, including without limitation rights of reproduction, derivation, distribution, sale, and display of the work, in whole or in part, in any and all forms of media now or hereafter known.

Authors who prepared their articles as part of their official duties as employees of the U.S. Federal Government are not required to transfer copyright to the AACR, Inc., since these articles are considered to be in the public domain. In the case of articles supported by federal grants or contracts, copyright transfer to the AACR, Inc., is required. The federal government may retain a nonexclusive license to publish or republish such material.

The Journal will routinely allow authors (or others with the permission of the authors) to include select parts of a copyrighted article in reviews, books, or subsequent papers, upon written request to the AACR Director of Publications. Requests to reproduce an article in its entirety will be considered on an individual basis and permission may be granted contingent upon payment of an appropriate copyright fee. All reproduction requests must include a brief description of intended use and a stamped, self-addressed envelope. Third parties should obtain the approval of the authors before corresponding with the AACR.

Those who wish to photocopy articles should contact the AACR Publications Department [Telephone: (215) 440-9300; FAX: (215) 440-9355].

No responsibility is accepted by the Editors, by the AACR, Inc., by the American Society of Preventive Oncology, or by Cadmus Journal Services for the opinions expressed by contributors or for the content of the advertisements.

Cancer Epidemiology, Biomarkers & Prevention is indexed in Chemical Abstracts, Current Contents/CM®, Index Medicus, MEDLINE, and the BIOSIS Previews® Database. This journal is printed on acid-free paper.

Cancer Epidemiology, Biomarkers & Prevention (ISSN 1055-9965) is published monthly by the American Association for Cancer Research, Inc., Public Ledger Bldg., Suite 826, 150 South Independence Mall West, Philadelphia, PA 19106-3483 for $55 annually for members, $110 for individual nonmembers, and $285 for institutional nonmembers. Periodicals postage paid at Philadelphia, PA and additional mailing offices. POSTMASTER: Send address changes to AACR Subscription Office, P. O. Box 11806, Birmingham, AL 35202. **American Association for Cancer Research**

The American Association for Cancer Research (AACR) is a professional society of over 11,000 scientists and physicians involved in all aspects of basic, clinical, and translational cancer research. Members of the AACR enjoy

- subscriptions to *Cancer Research, Cell Growth & Differentiation (CG&D), Cancer Epidemiology, Biomarkers & Prevention, and Clinical Cancer Research* at reduced member rates
- reduced registration rates at the AACR Annual Meeting, Special Conferences, and International Meetings
- Employment Register, Directory of Members, public education activities, and many other benefits

Special programs to provide enhanced career development opportunities for minority scientists include

- **Session on Career Development at Annual Meeting**
- **Mentorship Program**
- **Travel Awards to Scientific Meetings**

**Post-Doctoral Position in Cancer Prevention and Control**

University of Arizona, Tucson, AZ

NCI Post-Doctoral Fellowship position available in the Cancer Prevention and Control Program, at the Arizona Cancer Center, Tucson, AZ. Candidates should have a strong interest in cancer prevention and in working on translational research related to cervical cancer. Ph.D. and experience with molecular biological techniques required. Send cover letter, C.V., and a 1–2 page summary of research goals. Two years of funding available immediately.

Please send to: Dr. Anna Giuliano
Director of Minority Cancer and Control Program,
Arizona Cancer Center, 1515 N. Campbell Ave.,
University of Arizona, Tucson, AZ 85724

ASSOCIATE OR FULL PROFESSOR/CANCER EPIDEMIOLOGIST
UNIVERSITY OF MINNESOTA

The Division of Epidemiology, School of Public Health, and the Cancer Center of the University of Minnesota, seek a full-time tenure-track or tenured Associate or Full Professor for an academic position of research and teaching in its cancer epidemiology program.

The Division of Epidemiology provides a rich and collaborative environment for the investigation of the etiology and prevention of chronic and infectious diseases. It has 41 primary faculty, who bring in over $15 million in sponsored research grant awards each year, and an additional 35 adjunct faculty. It is well-known for behavioral and nutritional epidemiology, and faculty with interests in the etiology and prevention of cancer. It currently enrolls 23 students in the PhD epidemiology program, and 75 students in its MPH programs (Epidemiology, Community Health Education, and Public Health Nutrition). The recently-funded NCI designated University of Minnesota Cancer Center offers opportunities for leadership roles and active collaborations in various aspects of cancer, including cancer biology, genetics, chemoprevention, and cancer etiology and prevention. The Cancer Center programs in prevention/policy, carcinogenesis/chemoprevention, and etiology/risk assessment include 45 faculty. Particular strengths of Cancer Center members include studies in colon, breast, lung, and pediatric cancers. The statewide cancer registry provides a vital resource for the investigation of the etiology of cancers.

Requirements include an earned doctorate with formal training in epidemiology and a strong background in cancer etiology. Investigators with an interest in cancer epidemiology, epidemiologic methods, and/or molecular or genetic epidemiology of cancer are encouraged to apply. The Full Professor level requires at least eight years of post-doctoral research and teaching experience; the Associate Professor level requires at least five years of post-doctoral research and teaching experience. Primary criteria for appointment will be experience, demonstrated ability in cancer research, a relevant publication record in peer-reviewed journals, and evidence of successful teaching.

Primary responsibilities for the position will be to develop a cancer epidemiology research program, and to teach, as well as advise master’s, doctoral and post-doctoral students.

Applications will be reviewed beginning October 15, 1998, and will continue until suitable candidates are identified and the position is filled. Interested applicants should submit a cover letter describing research interests and experiences, a curriculum vitae, and a publications list to Dr. Leslie Robison, c/o Kathy Ramel, Division of Epidemiology, School of Public Health, University of Minnesota, 1300 S. 2nd St., Suite 300, Minneapolis, MN 55454-1015.

Please reference job number SPH 258.

The University of Minnesota is an equal opportunity educator and employer.
