CANCER EPIDEMIOLOGY, BIOMARKERS & PREVENTION

Scope
Cancer Epidemiology, Biomarkers & Prevention publishes original, peer-reviewed, population-based research on cancer etiology, prevention, surveillance, and survivorship. The following topics are of special interest: descriptive, analytical, and molecular epidemiology; biomarkers including assay development, validation, and application; chemoprevention and other types of prevention research in the context of descriptive and observational studies; the role of behavioral factors in cancer etiology and prevention; survivorship studies; risk factors; implementation science and cancer care delivery; and the science of cancer health disparities. Besides welcoming manuscripts that address individual subjects in any of the relevant disciplines, CEBP editors encourage the submission of manuscripts with a transdisciplinary approach.

Submission of Manuscripts
Online manuscript submission is welcomed at https://cebp.msubmit.net. Before submitting a manuscript, please read the Instructions for Authors, which are available from the Journal’s home page at https://cebp.aacrjournals.org.

Publication Charges
Articles will be published with the understanding that the author(s) will pay both a publication fee plus a display item fee. For more detail, please see the Publication Fees and Reprints page which is available at https://aacrjournals.org/content/authors/publication-fees-and-reprints.
